

18. ASSESSMENT METHODS

- 18.1 Students' performance in a subject shall be assessed by continuous assessment and/or examinations. Where both methods are used, the weighting of each in the overall subject grade will be clearly stated in the syllabus.
- 18.2 Continuous assessment may include tests, assignments, projects, laboratory work, field exercises, presentations and other forms of classroom participation. Continuous Assessment Assignments which involve group work should nevertheless include some individual components therein. The contribution made by each student in continuous assessment involving a group effort shall be determined and assessed separately.
- 18.3 Assessment methods and parameters of subjects shall be determined by the subject offering department.
- 18.4 At the beginning of each semester, the subject teacher will inform students of the details of the methods of assessments to be used in the subject concerned.
