8. SUBJECT REGISTRATION (INCLUDING ADD / DROP / WITHDRAWAL OF SUBJECTS)

8.1 A student may normally add new subjects and drop subjects during the two-week add/drop period. The addition of subjects will, however, depend on the availability of places.

8.2 Withdrawal from a subject, after the two-week add/drop period, is normally not allowed and only under special circumstances and with the approval of the Programme Leader will this be considered.

8.3 Subject to the maximum study load of 21 credits (as from 2005/06 cohort of intakes) per semester and the availability of study places, students are allowed to take additional subjects on top of the prescribed credit requirement for award before graduation. For students of full-time programmes, they can take additional subjects from within or outside their programme curriculum.

8.4 The pre-requisite requirements of a subject must have been fulfilled before a student registers for that subject. However, the subject offering department has the discretion to waive the pre-requisite requirements of a subject, if deemed appropriate. If the pre-requisite subject concerned forms part of the requirements for award, the subject has to be passed in order to satisfy the graduation requirements for the programme concerned despite the waiving of the pre-requisite.
